

# ADVENTURE READY HERITAGE

A long-standing off-road icon that's capable, dynamic, and durable, this new, sixth-generation Toyota 4Runner brings a bold new look, new technology, premium materials, and enhanced safety features to its 2025 model year.

All-new from the ground up, 4Runner is built on Toyota's TNGA-F global truck platform, providing added strength and improved ride comfort. The enhanced frame, paired with the most powerful powertrain ever offered on 4Runner, allows it to tow an increased capacity of up to 6,000 pounds.

## EVOLVING THE LEGACY

### Past Acknowledged, Future Focused

Inspiration from Baja desert racing is evident in 4Runner's design with its high lift, lean body, large tires, and rugged athleticism. A thoughtful nod to revered past generations includes its legacy "wrap over" quarter glass and its power rear glass window.

While acknowledging its past, the 4Runner embraces its future with modern—yet rugged—sophistication, power and efficiency, and Toyota's latest available technology.

With Toyota's approach toward a carbon-neutral future, 4Runner is the latest hybrid offering in the lineup to wear the Beyond Zero badge.

## BEYOND ZERO

## i-FORCE POWER MAXed

### Two Available Powertrains

The Toyota 4Runner offers two distinct, powerful, and efficient turbocharged 2.4L 4-cylinder powertrains, including the i-FORCE MAX Hybrid EV powertrain, which delivers an outstanding torque output of 465 lb.-ft. at a low 1700 RPM.

#### i-FORCE Gas Engine

- 278 hp
- 317 lb.-ft. of torque
- 8-speed AT
- Standard on SR5, TRD Sport, TRD Sport Premium, TRD Off-Road, TRD Off-Road Premium, and Limited

#### i-FORCE MAX Hybrid EV

- Up to 326 hp
- 465 lb.-ft. of torque
- 48-hp electric motor integrated into 8-speed AT
- Standard on TRD Pro, Trailhunter, and Platinum
- Available on TRD Off-Road, TRD Off-Road Premium, and Limited

## A GRADE FOR EVERY LIFESTYLE

Available in more grades than ever before, customers can choose the 4Runner that best fits their lifestyle. The all-new 4Runner offers nine grades in the line-up, which features familiar grades like SR5, TRD Sport, TRD Off-Road, TRD Off-Road Premium, Limited, and TRD Pro. New for 2025, TRD Sport Premium joins the line-up alongside the all-new Trailhunter and first-ever Platinum grades.

With 4Runner's increasing popularity in the off-road and overlanding worlds, Toyota offers purpose-built grades for each focus. The Baja-inspired TRD Pro channels the racing spirit as a high-speed off-roader, and the Trailhunter offers a turnkey overland rig straight off the factory floor.

The new Platinum grade envelops high-end refinement and luxury without compromising capability. The Platinum grade elevates above the Limited, adding unique black exterior styling elements, power running boards, heated second-row seats, unique premium leather-trimmed interior, standard Tow Tech package, and Head-Up display.

## TRAIL READY, ON-ROAD CONFIDENT

### TRAIL READY

#### 4Runner Off-Road Grades

- TRD Off-Road
- TRD Off-Road Premium
- TRD Pro
- Trailhunter

This icon raises the bar when it comes to off-roading capability. The 4Runner is offered in 2WD, part-time 4WD, or full-time 4WD. TRD Pro features standard FOX suspension, while the Trailhunter comes standard with Old Man Emu suspension and an ARB roof rack. TRD Pro and Trailhunter both come standard with 33-in. Toyo all-terrain tires. All other grades feature coil spring multi-link rear-suspension and a double wishbone front suspension. All 2025 Toyota 4Runners come with an electronic traction management system that helps improve traction on slippery surfaces.\*

For those venturing further off the beaten path, available drive technologies are ready to enhance the journey:

- Stabilizer Disconnect Mechanism
- Multi-Terrain Monitor
- Multi-Terrain Select
- CRAWL Control
- Electronically locking rear differential
- Downhill Assist Control

### ON-ROAD CONFIDENT

#### 4Runner On-Road Grades

- SR5
- TRD Sport
- TRD Sport Premium
- Limited
- Platinum

For those conquering the on-road day-to-day lifestyle, drivers may forge ahead with confidence. The 2025 4Runner is stylish all around and smarter at every turn with modern tech to enhance the experience. With the TNGA-F platform, drivers can feel the benefits of ride comfort. Limited and Platinum grades take on-road driving dynamics to the next level with standard Adaptive Variable Suspension, along with full-time 4WD available for Limited and standard for Platinum.

Gas models have a mostly flat cargo floor with tumble-fold rear seats, offering excellent cargo capacity. The standard power rear window and available third-row seating round out 4Runner's versatility even more.

\*The way in which the systems manage traction varies by grade and drivetrain (4X2, 4X4), and the systems become more advanced on certain off-road grades. Overall, the application remains the same: the brakes and throttle mapping are regulated to keep the wheel(s) from slipping.

## ENHANCED CONVENIENCE

4Runner offers a wide range of available convenience technologies:

- 12.3-in. digital gauge cluster
- Qi wireless charging pad with enhanced power output
- Conveniently located USB-C ports
- Pre-wired auxiliary switches
- 2400W AC inverter (i-FORCE MAX)
- Smart Key System with push-button start (standard on all grades)
- Digital Key
- Power liftgate with kick sensor
- Blind Spot Monitor w/ Rear Cross-Traffic Alert (standard on all grades)
- Hill Start Assist Control (standard on all grades)

## TOYOTA AUDIO MULTIMEDIA

### Latest-Generation System

- Navigation, voice recognition, music, hands-free phone, and messaging
- Standard wireless Apple CarPlay® compatibility
- Standard wireless Android Auto™ compatibility

### Touchscreen Displays

- Standard 8-in. multimedia touchscreen display
- Available 14-in. multimedia touchscreen display

### Speaker System

- Available 14-speaker JBL® Premium Audio system with JBL® FLEX portable speaker

## TOYOTA SAFETY SENSE™ 3.0

All 2025 4Runner models come standard with TSS 3.0, which includes:

- Pre-Collision System with Pedestrian Detection
- Full-Speed Range Dynamic Radar Cruise Control
- Lane Departure Alert with Steering Assist
- Lane Tracing Assist
- Road Sign Assist
- Automatic High Beams
- Proactive Driving Assist

ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first, and 24-hour Roadside Assistance is included for two years, unlimited mileage. Roadside Assistance limits towing distances and locations and does not include parts and fluids, except emergency fuel delivery for certain vehicles. Excludes rental company fleet sale vehicles. See your Toyota dealer for additional restrictions and exclusions. Valid only in the continental U.S.
