

## KEY ADVANTAGES: 4RUNNER VS. BRONCO

1. When comparing 4Runner and Bronco's most powerful engines, i-FORCE MAX™ has 25 lb.-ft. more torque than Bronco's top grade V6.

**465 lb.-ft.** vs. 440 lb.-ft.\*

*\*Requires Premium Fuel.*

2. 4Runner offers 2WD and an available hybrid EV powertrain (Bronco doesn't offer either)

3. Adaptive Variable Suspension (AVS) not available on Bronco

4. Greater max towing

**6,000 lbs.** vs. 4,500 lbs.

5. 3rd-row availability on select grades (which Bronco does not offer)

6. More interior cargo volume

**2 row: 89.7/47.2 cu. ft.** vs. 83.0/38.3

**3 row: 88.8/46.3/9.0 cu. ft.** vs. N/A

7. Larger multimedia display

**14-in. max available** vs. 12-in. (one size only)

8. Higher speaker count in audio system

**Available (up to) 14-speaker  
JBL® Premium Audio w/ JBL®  
Flex portable speaker**

vs. Available (up to)  
10-speaker Bang &  
Olufsen sound system

9. A standard suite of active safety features on all grades

**TSS 3.0**

vs.

Co-Pilot360® (optional w/  
package on select grades)

## KEY ADVANTAGES: 4RUNNER VS. WRANGLER

1. i-FORCE gas engine has 57 lb.-ft. more torque than Wrangler's volume V6 gas powertrain

**317 lb.-ft.** vs. 260 lb.-ft.

2. Greater max towing with more low end torque giving you power when you need it most

**6,000 lbs.** vs. 5,000 lbs.

3. Consideration of Noise, Vibration, and Harshness with Wrangler's standard removable soft top design

4. 3rd-row availability on select grades (not available on any Wrangler grade)

5. More interior cargo volume

**2 row: 89.7/47.2 cu. ft.** vs. 72.4/31.7 cu.ft.

**3 row: 88.8/46.3/9.0 cu. ft.** vs. N/A

6. Larger gauge cluster

**12.3-in. max available** vs. 7-in. max available

7. Larger multimedia display

**14-in. max available** vs. 12.3-in. (one size only)

8. Higher speaker count in available audio system

**Available (up to) 14-speaker JBL® Premium Audio w/ JBL® Flex portable speaker** vs. Available (up to) 9-speaker audio system

## KEY ADVANTAGES: 4RUNNER VS. GRAND CHEROKEE

1. i-FORCE gas engine has 57 lb.-ft. more torque than Jeep's volume V6 gas powertrain

**317 lb.-ft.** vs. 260 lb.-ft.

2. All 4Runner 4WD drivetrains feature 2-speed transfer cases with 4LO

**Part-time and Full-time 4WD - 2-speed** vs. 4WD Quadra-Trac I® on low grades - single speed

3. Larger available gauge cluster

**12.3-in. max available** vs. 10.25-in. (one size only)

4. Larger multimedia display available

**14-in. max available** vs. 10.1-in. max available

5. More interior cargo volume

**2 row: 89.7/47.2 cu.ft.** vs. 70.8/37.7 cu.ft.

**3 row: 88.8/46.3/9.0 cu.ft.** vs. 84.6/46.9/17.2 cu.ft. (L variant)

6. Towing advantage

**Towing receiver hitch with wiring harness with 4- and 7-pin connectors standard** vs. Available in a Trailer-Tow Package for Grand Cherokee
